CT ENTEROGRAPHY PREP

Please report to **SAULT AREA HOSPITAL-DIAGNOSTIC IMAGING DEPT** at 750 Great Northern Rd. 2nd Main floor D 2505. Please arrive 15 min. prior to your appointment.

For all appointments **after 9:00 pm** please use the South Entrance as the main entrance will be locked at night .

Have your **HEALTH CARD** with you and if this is a WSIB (Worker's Safety Insurance Board) related injury, have your **SOCIAL INSURANCE NUMBER** and your **CLAIM NUMBER** available as well.

We advise you **NOT** to change your appointment unless **ABSOLUTLEY NECESSARY** as this may cause a delay in your service. You will be required to remove metal and jewelry such as earrings, necklaces and body piercings or change your clothing if they contain metallic zippers and clips. Please remove this jewelry before your appointment or wear alternative clothing whenever possible to avoid delays.

This test involves the insertion of an IV for the administration of imaging contrast.

Your test will take approximately 1 hour.

Drink CLEAR FLUIDS ONLY starting 24 hours before your appointment.

Drink 1 bottle of Citromag (obtain this from your pharmacy) at 4:00 pm the day before your test.

You DO NOT require a full bladder for your test.

If you should have any questions or concerns please contact your physician or The Diagnostic Imaging CT department at 705-759-3642.

Thank you for attending you appointment .
