You and Your Dependents

Throughout this booklet several key terms are used to refer to you and your Dependents:

- the terms that may refer to you are: Retiree, Member and Participant;
- the terms that may refer to your Dependents are: Dependent, Spouse, Child and Participant.

Retiree: A person who:

- resides in Canada;
- retired from employment with the Plan Sponsor;
- was covered under the Plan Sponsor's group benefits plan the day prior to the date of retirement;
- is under age 65; and
- is in receipt of the Plan Sponsor's pension plan.

Member: A Retiree who is eligible and approved for coverage under this plan.

Dependent: Your Spouse or Child.

Spouse: A person who:

- resides in Canada; and
- meets one of the following criteria:
 - is legally married to the Member;
 - is in a civil union with the Member as defined by the Civil Code of Quebec; or
 - is living with the Member in a conjugal relationship.

The Spouse must be designated by the Member on their application for coverage. Only one person may be covered as a Spouse at any one time.

Child: A person who:

- resides in Canada;
- is the natural or adopted child of the Member or Spouse, or the child over whom the Member or Spouse has been appointed as guardian with parental authority;
- is financially reliant on the Member or Spouse for care, maintenance and support;
- is not married or in a common law relationship; and
- meets one of the following criteria:
 - a) is under age 21; or
 - b) became mentally or physically disabled while a child as defined in (a) and has been continuously disabled since that time.

A Child is considered to be mentally or physically disabled for the purposes of this definition if they are incapable of engaging in any substantially gainful activity and are financially reliant on the Member or Spouse for care, maintenance and support due to this disability. Blue Cross may require the provision of written proof of a Child's disability as often as is reasonably necessary.

Participant: The Member or one of the Member's Dependents who has been approved for coverage under this plan.

Helpful Tip

You are responsible for enrolling your Dependents under the plan when they become eligible.

In addition, you are responsible for removing them when they no longer meet the definitions outlined here.

You can update your family or Dependent status by filling out and submitting a change form, available through our website.

Helpful Tip

A Member, Spouse and Child are all Participants under the plan.

Other Important Terms

Accident: A sudden, fortuitous and unforeseeable event that:

- is violent in nature;
- arises solely from external means;
- causes bodily injury to the Participant directly and independently of all other causes; and
- is unintended by the Participant.

The resulting injury to the Participant must be certified by a physician.

Activities of Daily Living: The following 6 activities:

- Bathing: washing oneself in a bathtub, shower or by sponge bath;
- Dressing: putting on and removing necessary clothing, braces, artificial limbs or other surgical appliances;
- Toileting: getting on and off the toilet and maintaining personal hygiene;
- Bladder and bowel continence: managing bladder and bowel function with or without protective undergarments or surgical appliances so that hygiene is maintained;
- Transferring: moving in and out of a bed, chair or wheelchair; and
- Feeding: consuming food or drink that already have been prepared and made available.

Approved Provider: A provider of health care services or supplies who has been approved by Blue Cross to provide specific Eligible Expenses.

Deductible: The amount of Eligible Expenses that the Participant must pay before Blue Cross will reimburse any Eligible Expenses.

The Deductible amount applies once per calendar year or per prescription drug, as specified in the Summary of Benefits. However, Eligible Expenses incurred during the last 3 months of a calendar year that totally or partially met the Deductible for that year may be used to reduce the Deductible for the following calendar year.

Eligible Expenses: Charges incurred by the Participant for health care services and supplies that are:

- Medically Necessary;
- Usual, Customary and Reasonable;
- recommended or prescribed by a physician or Health Practitioner who:
 - does not normally reside in the Participant's home;
 - is not the Participant's Family Member; and
 - is not the Participant's employer or co-worker;
- rendered or dispensed by an Approved Provider who:
 - does not normally reside in the Participant's home; and
 - is not the Participant's Family Member; and
- rendered or dispensed after the effective date and while the plan is in effect, unless otherwise specified.

Health care services and supplies that Participants prescribe, render or dispense to themselves are not Eligible Expenses.

An Eligible Expense is considered to be incurred on the date the service or supply was received by the Participant. Reimbursement for Eligible Expenses incurred outside of Canada will be limited to the amount that would have been reimbursed if the expense had been incurred in the Participant's province of residence, unless the benefit is restricted to in Canada only.

Helpful Tip

Important: Blue Cross will only reimburse health expenses meeting these Eligible Expenses criteria.

Helpful Tip

Family member refers to a Participant's:

- spouse or common law partner;
- parent and parent's spouse or common law partner;
- children and spouse's or common law partner's children;
- brothers and sisters;
- grandchildren; or
- grandparents.

Key Terms

Where more than one form of Treatment exists, Blue Cross has the right to base its payment for Eligible Expenses on the lowest cost alternative if Blue Cross, in consultation with its health care consultants, deems the alternative Treatment to be appropriate and consistent with good health management.

Experimental or Investigative: Any treatment, procedure, facility, equipment, drug or drug usage that, in the opinion of Blue Cross after consultation with its health care consultants:

- is not Medically Necessary;
- lacks sufficient published data to establish its medical effectiveness or safety for the purpose for which it is being provided or prescribed; or
- is not recognized as the standard of care in current prescribing guidelines or practice setting protocols.

Health Practitioner: A health care practitioner who is a registered member of their regulatory body (if applicable) and practices within the limits of their authority as established by law. If no occupational guild applies to a particular practitioner, the practitioner must:

- be a registered member of their association;
- provide care and treatment within the limits of their professional scope of practice; and
- be an Approved Provider.

Illness: A deterioration of health or a bodily disorder that has been diagnosed by a physician and requires regular and continuous care.

Life Event: A situation resulting from one of the following that permits a Member to change their coverage:

- marriage or common law union;
- birth or adoption of a child;
- divorce or legal separation;
- the Member's or Dependent's other coverage terminates for reasons outside of their control; or
- death of a Dependent.

Proof of health may be required if the request is received more than 31 days after the Life Event date.

Medically Necessary: A health care service or supply provided or prescribed by a physician or Health Practitioner to treat an injury or Illness that, in the opinion of Blue Cross after consultation with its health care consultants:

- has not been provided or prescribed primarily for convenience or cosmetic reasons;
- is the most appropriate, safe and cost effective Treatment for the diagnosed injury or Illness; and
- is generally medically recognized as acceptable Treatment for the diagnosed injury or Illness.

Helpful Tip

Blue Cross will only pay for Eligible Expenses that are Medically Necessary.

Quebec Participant: A Member or Dependent is considered to be a Quebec Participant if:

- the plan sponsor has a business office in Quebec;
- the Member resides and works in Quebec; and
- the Participant is subject to the Act Respecting Prescription Drug Insurance.

Self-Insured Benefits: Benefits that are:

- fully funded by the plan sponsor who assumes sole liability for their payment; and
- administered by Medavie Inc. under an administrative services only contract with the plan sponsor.

In this plan, drug, extended health care and dental benefits are Self-Insured Benefits.

Key Terms

Treatment: The management and care of a Participant to improve or cure an illness, disorder or injury. This management and care must be:

- considered appropriate and approved by Blue Cross; and
- prescribed, provided or performed by a Health Practitioner or physician practicing in the field of medicine applicable to the Participant's disease, disorder or injury.

Usual, Customary and Reasonable: Charges incurred by the Participant that are:

- consistent with the amount typically charged by Health Practitioners or Approved Providers for similar services or supplies in the province in which the services or supplies are being purchased; and
- in the opinion of Blue Cross in consultation with its health care consultants, consistent with the frequency and quantity that would usually be prescribed or needed for the Participant's condition.

Coverage Details

Who is Eligible for Coverage?

You are eligible for coverage if you meet the definition of Retiree outlined above in the *Key Terms*.

Your Dependents are also eligible for coverage if they meet the definition of Spouse or Child outlined above in the *Key Terms*.

To be eligible for coverage, you and your Dependents must be entitled to government health care coverage or similar coverage deemed satisfactory by Blue Cross.

Coverage is effective on the date of retirement.

Do I Need to Supply Proof of Health to Obtain Coverage?

You generally do not need to provide proof of health to obtain group benefits coverage. However, proof of health must be submitted if your application is received by Blue Cross more than 31 days after the date upon which you or your Dependent became eligible for coverage, with the following exceptions:

- Quebec Participants who are late in applying for drug benefits do not need to submit proof of health for drug coverage.

Helpful Tip

Proof of health refers to statements or medical evidence about your health or the health of your Dependents.

When Does Coverage Begin?

Retirees

Your coverage takes effect on the latest of the following dates:

- the effective date of the plan;
- the date of your retirement;
- the date you meet all of the eligibility requirements; or
- the date Blue Cross approves your proof of health, if required.

Dependents

Your Dependent's coverage takes effect on the latest of the following dates:

- the date you become eligible for coverage;
- the date they meet all of the eligibility requirements;
- the date Blue Cross approves their proof of health, if required; or
- the date following their discharge from hospital if they were hospitalized on the date they would have become eligible for coverage, unless:
 - they were covered under a Previous Policy, in which case their coverage begins on the effective date of the plan; or
 - they were born while this coverage is in force, in which case their coverage will be effective from their live birth.

Helpful Tip

Previous Policy refers to a group plan that provided coverage for you and your Dependents, and terminated within 31 days of the effective date of this group plan.

When Does Coverage End?

Coverage ends on the earliest of the date:

- the plan terminates;
- you or your Dependents no longer meet one or more of the eligibility requirements;
- your Spouse no longer meets the definition of Spouse;
- your Child no longer meets the definition of Child;
- you or your Dependents reach the termination age or termination date, if any, specified in the Summary of Benefits;
- you die; or
- the plan sponsor defaults in payment of premiums.

Coverage for your Dependents will also terminate on the date your coverage terminates.

Additionally, if you or your Dependents commit a fraudulent act against Blue Cross or the plan sponsor, Blue Cross will have the right to terminate coverage, subject to the prior approval of the plan sponsor.

No coverage will be provided to you or your Dependents while performing duties as an active member in the armed forces of any country, unless coverage must be retained under applicable provincial legislation.

What Happens When Coverage Ends?

Right to Convert to Individual Coverage

Upon termination of coverage for certain benefits, you and your Dependents have the right to convert your group benefits coverage to an individual insurance policy, provided certain criteria are met.

The benefit details will specify if this conversion right applies to a particular benefit.

When conversion is available, the following terms and conditions apply:

- You must, within 60 days of the date of termination of your group coverage:
 - submit the application form provided by Blue Cross for the purpose of conversion to individual coverage; and
 - pay the entire amount of the first month's premium of the individual policy, in accordance with the method of payment stipulated by Blue Cross;
- the individual policy will be issued without requiring proof of health;
- the premium for the individual policy is based upon the individual policy rates in effect on the date of application;
- the individual policy is subject to any maximum and minimum values or other additional terms and conditions that are specified in the *Right to Convert to Individual Coverage* provision of the applicable benefit.

What if I Have Coverage Elsewhere?

Blue Cross will co-ordinate your group benefits coverage with other health plans when similar coverage is available. The co-ordination of benefits process helps ensure you get the most out of your coverage. It means you can receive up to, but no more than, 100% reimbursement for Eligible Expenses.

Government Health Care Coverage

Unless otherwise agreed by Blue Cross, no payment will be made for any health care services or supplies payable or available under government health care coverage or administered by government funded hospitals, agencies or providers, regardless of:

- any waiting lists; or
- whether or not you or your Dependents have applied for, or exercised your right to claim, any allowances available through any government health care coverage.

Blue Cross will only consider Eligible Expenses in excess of those provided under government health care coverage.

Helpful Tip

The benefit of converting your group coverage is that you do so without having to provide proof of health.

Conversion premium rates will typically be higher than group premium rates currently paid.

Instead of converting your group coverage, you may prefer to apply for an individual plan, which will require Proof of Health.

Helpful Tip

Blue Cross will help direct you to existing **government programs** whenever possible.

Other Health Plans

Do you take advantage of coverage under the other benefit plans available to you, such as your Spouse's? If not, you may be missing out on possible reimbursement of up to 100% of Eligible Expenses.

Blue Cross applies co-ordination of benefits according to the guidelines of the Canadian Life and Health Insurance Association Inc. (CLHIA). Here are the general rules:

Expenses for Yourself:

- You must first submit expenses incurred to this plan (where you are covered as a Member). The balance that has not been paid by this plan (if any) can then be submitted to the other plan where you are covered as a dependent (for example your Spouse's plan).
- If you are covered as a member under more than one group benefit plan, the plan that has covered you the longest pays first.

Expenses for Your Spouse:

- Your Spouse must submit any expenses incurred for themselves to their own group benefit plan (if any) first. The balance that is not paid by their plan (if any) can then be submitted to this plan.

Expenses for Your Child:

- If a Child is covered as a dependent by both you and your Spouse, you should submit their claim to the plan of the parent whose birthday comes first in the year.
- In the event of divorce or separation, the plan of the parent with whom the Child resides (the plan of the parent with custody of the Child) pays first.

Helpful Tip

The types of other plans that are potentially subject to co-ordination of benefits include any form of group, individual, family, creditor or saving insurance coverage that provides reimbursement for medical treatment, services or supplies.

Helpful Tip

For more information on co-ordination of benefits (including examples), visit our website.

Purpose of Coverage

Blue Cross will pay the Eligible Expenses described in this benefit, subject to the conditions outlined below.

Prior Authorization

Certain Eligible Drugs require prior or ongoing authorization by Blue Cross to qualify for reimbursement. The criteria to be met for Prior Authorization are established by Blue Cross and may include requiring the Participant to participate in a Patient Support Program.

How does the Prior Authorization process affect my claim?

The first time you present a prescription for an Eligible Drug on the Prior Authorization list your pharmacist will indicate the need for Prior Authorization.

You can request a Prior Authorization Prescription Drug Form from your pharmacy, your employer, the nearest Blue Cross customer information centre or from our website. You must complete the patient section of the form, have your physician complete and sign the remaining portion and mail your completed form to the nearest Blue Cross office.

Your request will be confidentially reviewed by a health care professional according to the payment criteria established. When all the required information is received by Blue Cross, the standard turn-around time for Prior Authorization decisions is 7 to 10 working days.

You will receive confirmation in writing regarding the decision on your Prior Authorization request. If your request is approved, this confirmation will include the effective date and duration of your approval.

Any fees associated with completing this form or obtaining additional medical information are your responsibility.

Plan Management Features

Substitution Provision

If the Summary of Benefits specifies Substitution Provision applies and an Interchangeable Drug has been prescribed, Blue Cross will reimburse to the lowest ingredient cost Interchangeable Drug. In the case of biologic drugs, Blue Cross reserves the right to reimburse to a less expensive biosimilar drug.

Participants may request a higher cost Interchangeable Drug; however, they will be responsible for paying the difference in cost between the Interchangeable Drugs.

Mandatory Generic Substitution:

Regardless of whether the Participant's physician indicates the prescribed Interchangeable Drug cannot be substituted, Blue Cross will only reimburse to the lowest ingredient cost Interchangeable Drug.

For Participants with an adverse reaction to the Interchangeable Drug dispensed, Blue Cross will consider reimbursement to another Interchangeable Drug on a case by case basis only through the Prior Authorization process.

Quebec Pharmacy Pricing Controls

If the Summary of Benefits specifies that Quebec pharmacy pricing controls apply, Participants will be responsible for paying the difference between the amount charged by the pharmacy for professional fees and the amount Blue Cross considers acceptable Usual, Customary and Reasonable charges.

Helpful Tip

Your group benefits plan provides you with immediate access to most Eligible Drugs.

Certain Eligible Drugs require Prior Authorization before your prescription is covered.

Helpful Tip

To print a copy of our Prior Authorization Prescription Drug Form, visit our website.

Helpful Tip

A generic drug and its brand name equivalent are considered to be Interchangeable Drugs. Health Canada imposes the same standards and tests on generic drugs as it does on brand name drugs. Generic drugs are effective and safe, while often being less expensive.

Payment of Claims

How Payments are Made

The Summary of Benefits specifies the Method of Payment that applies to Participants under the group plan.

Pay Direct: At the time of purchase, the Approved Provider will submit the Participant's claim to Blue Cross electronically to verify eligibility. The Participant will pay the Approved Provider only the portion of the claim that is not covered by this benefit. Blue Cross will reimburse the balance of the claim to the Approved Provider directly.

If the Participant submits to Blue Cross a paid-in-full prescription drug receipt, despite the fact pay direct was offered, Blue Cross will only reimburse the amount that would have been paid to the Approved Provider if the claim had been submitted electronically.

Time Limit to Submit a Claim

Blue Cross must receive proof of claim by the end of the next calendar year following the date the Eligible Expense was incurred.

Exclusions and Limitations

Unless otherwise specified in the Summary of Benefits, expenses associated with the following categories of drugs or services are not eligible for reimbursement, even when prescribed:

- a) smoking cessation aids;
- b) oral vitamins;
- c) treatments for weight management, including drugs, proteins and food or dietary supplements;
- d) natural health products including homeopathic products, herbal medicines, traditional medicines, nutritional and dietary supplements, unless specifically listed as covered under this benefit;
- e) sexual dysfunction drugs;
- f) hair growth stimulants;
- g) services, treatment or supplies that:
 - i. are not Medically Necessary;
 - ii. are for cosmetic purposes only;
 - iii. are elective in nature; or
 - iv. have experimental or investigative indication;
- h) procedures related to drugs injected by a Health Practitioner or Physician in a private clinic;
- i) drugs that Blue Cross determines are intended to be administered in hospital, based on the way they are administered and the condition the drug is used to treat;
- j) expenses that are covered under any government health care coverage or charges payable under a workers' compensation board/commission, any automobile insurance bureau or any other similar law or public plan;
- k) services, treatment or supplies the Participant receives free of charge;
- l) charges that would not have been incurred if no coverage existed;
- m) all forms of cannabis; and
- n) pharmacy services.

Helpful Tip

If you have a Pay Direct plan, always have your drugs submitted electronically via the Approved Provider. This will ensure you don't end up paying more out-of-pocket than you should.

Helpful Tip

Shop around for the best price for your prescription drugs.
For the same prescription, the price can vary depending on where you go, even among stores in the same chain.

Right to Convert to Individual Coverage

A Participant who is not a Quebec Participant and who is no longer eligible under this benefit may convert their group coverage to a similar individual drug plan provided by Blue Cross.

Individual policies issued under this conversion option are subject to the terms and conditions specified in the *Right to Convert to Individual Coverage* found under the *Coverage Details* of this booklet.

Quebec Participants who are no longer eligible for drug benefit coverage cannot convert their group drug coverage to an individual plan. If they are not eligible under another group plan, they must contact the Régie de l'assurance maladie du Québec (RAMQ) to obtain coverage from the RAMQ's public drug plan.

Extended Health Care

Purpose of Coverage

Blue Cross will pay the Eligible Expenses described in this benefit, subject to the conditions outlined below.

Additional Definitions

Blue Cross will reimburse the balance of the claim to the Approved Provider directly.

How Eligible Expenses are Calculated

Reimbursement of an Eligible Expense is calculated as follows:

- Step 1. Blue Cross will apply any applicable Usual, Customary and Reasonable limits. The Eligible Expense will be equal to the lesser of the actual expense and the Usual, Customary and Reasonable charges for the service or supply;
- Step 2. Blue Cross will subtract the Deductible (if any);
- Step 3. the Reimbursement Level percentage will be applied to the remainder of the Eligible Expense;
- Step 4. the result is the amount payable by Blue Cross, subject to any Benefit Maximums applicable.

- **Member eClaims**
You can quickly and easily submit your health, drug and dental claims (as applicable) through our secure plan member website. Simply take or scan a digital image of your paid-in-full receipts and submit it through the applicable link on our plan member website.
- **Provider eClaims**
For Approved Providers who have registered to submit claims to Medavie Blue Cross through our electronic claims submission service, our e-claim service allows Approved Providers to instantly submit claims at the time of service. This eliminates the need for you to submit your claim to Medavie Blue Cross and means you only pay the amount not covered under your group benefits plan (if any).
- **Medavie Benefits+**
Medavie Benefits+ is an all-inclusive health benefits and wellness centre that provides you with an opportunity to meet face-to-face with one of our Benefits+ Specialists. Our team is happy to answer your questions and demonstrate our digital, self-service tools at one of our smart kiosks.

To find the Medavie Blue Cross office or Medavie Benefits+ location nearest you, visit our website at www.medaviebc.ca.

- You can also mail your completed claim form to the address indicated on the applicable claim form.
